

LEVEL 3 COURSES

NCFE Level 3 Certificate in Understanding Autism

This course has been designed to support you in working in the Health and Social Care sector. We suggest that you complete the Level 2 Certificate in Understanding Autism before applying for this course in order to build your knowledge before progressing to Level 3. The course covers a range of topics, from the current legislative framework relating to individuals with autism to supporting communication and social interaction for individuals with autism.

NNCFE CACHE Level 3 Certificate in Understanding Mental Health

This in-depth 5-unit course is ideal for those who would like to increase their knowledge and understanding of mental health and well-being. We suggest that you complete the Level 2 Certificate in Awareness of Mental Health Problems before applying for this course, in order to build your knowledge before progressing to Level 3. Successful completion of this course will provide many of the skills and knowledge required for job roles in mental health support or health and social care.

GENERAL ENTRY REQUIREMENTS INFORMATION

A Level 2 or 3 distance learning course typically requires between 5 and 10 hours of study per week. You will need to plan your study time around additional commitments.

You should aim to complete your course in 6 months although it may be possible to achieve this earlier if you have more study time available.

Distance learning material can be studied at any time and in any location where you can access a PC, laptop or tablet and broadband. You will need good IT skills and a regular and reliable internet connection.

English language skills at Level 1 are required, you will therefore be asked to complete an online assessment in English after submitting your course application.

LEVEL 2 COURSES

NCFE Cache Level 2 Certificate in Awareness of Mental Health Problems

This qualification is designed for anyone looking to develop their understanding of mental health, and the problems that can cause mental ill health. In each of the 13 units, you will gain an understanding of a specific mental health topic, leading to a Level 2 qualification.

NCFE CACHE Level 2 Certificate in Caring for Children and Young People

This 5-unit Level 2 childcare qualification allows learners to gain an understanding of how children's development can be influenced by factors such as nutrition and the various safeguarding responsibilities of those who care for children and young people. You will also discover the importance of activities, play and interaction and learn how to contribute positively to the development of children and young people at different stages.

NCFE Level 2 Certificate in Information, Advice and Guidance

The Level 2 Certificate in Information Advice and Guidance is ideal if you are front line staff, work in a voluntary organisation, further education with adult or community groups, or with young people. The course will develop your knowledge and understanding of the key principles of information, advice and guidance and how to apply these within your own context. This 5-unit course will also be a good starting point if you are looking to develop a career in a "helping role" such as an employment advisor, debt advisor, learning support worker, peer mentor or similar.

NCFE Level 2 Certificate in Principles of Business Administration

This Level 2 distance learning course will give you underpinning knowledge to enable you to progress within administrative job roles. Successful completion of this course will also provide the skills and knowledge required for job roles in business support, customer services and other office-based roles. Topics include business document production, information management, communication and developing working relationships.

NCFE Level 2 Certificate in Principles of Customer Service

This 4-unit Level 2 course will provide you with the underpinning knowledge to enable you to work or progress within customer service job roles. Topics include communication, organisations and understanding customers.

NCFE CACHE Level 2 Certificate in Understanding Autism

This 7-unit Level 2 qualification is designed for learners who wish to develop an understanding of autism and how to support individuals with autism. The qualification covers the person-centred approach and influence of positive communication methods. It also explores how to support positive behaviour and how individuals with autism can be supported to live healthy and fulfilled lives.

NCFE CACHE Level 2 Certificate in Understanding Children and Young People's Mental Health

This 5-unit qualification is designed for learners who are interested in improving their understanding of children and young people's mental health. This course focuses on mental health in context as well as practical ways to support children and young people's mental health. This course is ideal if you work with or want to work with children or young people.

NCFE CACHE Level 2 Certificate in Understanding Nutrition and Health

This 7-unit qualification provides you with a range of underpinning knowledge in areas such as healthy eating, nutritional needs, weight management, eating disorders and food safety in the home environment. The qualification supports the Government's drive to empower individuals to make healthy choices, a key focus of which is the need to educate and change behaviour regarding diet and nutrition. This course is ideal if you wish to work in areas such as healthcare, sport and leisure or hospitality and catering.
